

To whom it may concern,

I have successfully worked with Dick Todd, owner of T.I. Builders, LLC for several years in support of the Microsoft's facilities in Boulder and Longmont CO. The company has consistently delivered a high level of workmanship and service on an unparalleled array of differing projects. Each time meeting or exceeding expectations.

I highly recommend T.I Builders as a premier provider of contractor services to any company.

Sincerely,

A handwritten signature in blue ink, appearing to read "Eric Yeisley".

Eric Yeisley | Facility Coordinator, CBRE
